

SKELTON & PLUMMER HOLDINGS

QUALITY POLICY

The Quality Assurance Manual defines the functional operation of the S&P Group Quality Assurance Programme, and establishes Management's total commitment to Quality in a manner that satisfies the intent of EN ISO 9001.

The S&P Group of Companies is made up of the following four operating Companies:

1. **Skelton & Plummer Projects (Pty) Ltd.**
 - a) Project Division - A Mechanical, Structural, Platework and Piping Construction Company
 - b) Plant Suppliers Division - A Company supplying Turnkey Process Plant, Solid / Liquid Separation and Liquid / Separation Plants.
2. **Eddcor E&I Projects (Pty) Ltd.** - An Electrical and Instrumentation Construction Company.

The S&P Group of Companies is fully committed to the provision of high quality products and services to the end user.

It is the policy of the S&P Group of Companies that the Quality Assurance Programme described in the Quality Assurance Manual be fully implemented on all jobs and that the **Quality Assurance Manager** has the authority and responsibility to impose the requirements of this Quality Programme.

A handwritten signature in black ink, appearing to read 'A. W. Michel', is written over a horizontal line.
